

STAINLESS & CHROME MOLY 5-PACKS

STAINLESS STEEL & CHROME MOLY BOLTS AVAILABLE IN SIZES FROM 1/4" TO 7/16" WITH UNDERHEAD LENGTHS RANGING FROM 1/2" TO 5". HEX OR 12-PT. HEADS, PACKAGED IN CONVENIENT 5-PACK CARDS.

Now you can use premium quality ARP stainless steel or chrome moly fasteners to install most anything on a car, boat or trailer. Both the specially alloyed "ARP300" stainless and heat-treated 8740 are nominally rated at 170,000 psi to provide a substantial extra margin of safety over Grade 8 and other hardware.

What's more, you can't beat the gorgeous looks of ARP's specially polished stainless steel fasteners, and their ability to resist rust. They're truly maintenance free!

You can get 5-packs, of any size bolt from 1/4" to 7/16" in lengths ranging from 1/2" to 5", with a choice of hex or 12-point heads. Matching nuts are also available.
