

- Patented "Stacked Plate" cooler construction turns every inch of material into cooling surface for maximum efficiency per cubic inch of package space.
- Can be used as an economy engine oil cooler.
- Embossed plate design maintains extremely good performance and very low pressure drop.

LL7B	Oil Cooler (5.75in x 11in. x 1.5in. x 1/2in. NPT) Differential/Engine
LMTB	Oil Cooler (8in. x 11in. x 1.5in x 1/2in. NPT) Differential/Engine

C3
